My TA, Joseph N., was very helpful and always willing to help during office hours or even one on one. I relied on my discussion period especially once transitioning online, which was a very helpful resource.

None.

Best TA I think I will ever have in my life. He is so passionate and genuinely cares about the success of all students. Absolutely made this class amazing. He is so easy to talk to and is extremely kind and a great teacher.

Joe is the man. Give him a raise and promotion. I cant even tell you how helpful he is. I hated math until Joe and have seen him turn a failing student into a passing one.

N/a

Outstanding teacher; always prepared and thorough in explanations.

The graduate assistant was very helpful and communication was much more personal then compared to the professor as class size was much smaller. I feel discussion was more helpful than lecture.
