Responses (12 of 26)

I am sincerely going to miss Joseph as a TA and as a person. His passion for helping his students and his natural talent for teaching was evident throughout the course. I have never taken Calculus before, unlike majority of the students in my class, but he always encouraged me to believe in myself and work hard. In discussion he was always trying to make sure we understood the material we were learning and in the many office hours I attended it was the same thing. He always made himself available to us and would go through a lot of effort to provide his knowledge whenever we needed it. I was so lucky to get such a motivating person to have throughout the course because it was definitely challenging. I am extremely sad that I won't have a class with him again (and I'm not a math person). I am excited to see what the future holds for him, I know he's gonna make an amazing professor one day!

He provided lots of helpful resources and was able to clearly explain all topics in a way that everyone understood.

Joseph is one of the best TA's UD has offered me. He takes the time to go over examples, explain thoroughly in a proper manner, and cares for his students. He conducts a lot of oral reviews which always helps me immensely when I wish to study for math. His time and dedication as a TA is beyond expectations and I would tell other students if you are taking MATH221, you're lucky if your TA is Joseph.

very patient and thorough with explanations!

Joseph was very good at helping us when we didn't understand a problem

None.

(Is A the best score? I believe Joseph Nakao was an amazing TA)

He kept it real and stated clearly as well as showed us that he wants us to succeed.

AMAZING TA!!! Super helpful

Instructor extremely helpful, very good at explaining topics.

hands down best TA

sooo helpful . i am not good at calc but discussion made it so much easier and Joseph is an overall great teacher
