was always prepared and ready to help

he was very determine in making sure we succeed. it was clear he cared about his students

Best TA I have ever had.

Overall I had a great time in discussion and lab. Joseph made everything clear and helped clear up any nuance things from lecture. I frequented office hours because I often got hung up on the labs and he always helped me get through them and see what they were really asking. He was also willing to help with other topics to his best ability and I could always count on him to explain things in a way that would make sense. He was easily the best TA I've had.

He was the absolute best! I greatly appreciate all the effort and time he took to lead discussions, help teach materials a new way to help accommodate all of his students, and how he led labs. He is always available to help, has lots of office hour opportunities, and is truly passionate about what he is doing. He always made sure his students were comfortable with new materials, prepared for exams, and he even went over practical uses related to our professions, which is absolutely above and beyond! He created a warm and friendly environment and made his students comfortable with interaction and collaboration with other classmates when appropriate. Truly the most dedicated and appreciated TA I have ever had.

10/10. Best TA I have ever had by far. Prepared extremely helpful notes to us on every section. Had clear understanding and was patient in office hours. He helped me understand stuff when I had no idea what was going on.

Joseph was by far the best TA I have ever had in my college experience. His ability to teach was superb. His patience, his clarity, and his knowledge on the subject blew me away. I was struggling halfway through the course and when I asked him to help me out, my grades skyrocketed. I went from a 62 on the first midterm to a 96 on the second. And when I got this good grade, he personally reached out to me to congratulate me. I have nobody else to thank but him and I nothing but great things to say about him. I wish him the best in the future.

Joseph was a great TA and he was always prepared and willing to explain things multiple ways, and he always made it known that he would help us outside of class time.
